---

Brian  
Please put this in the docket, and PMA.

Thanks,  
Morgan

Subject: Notification of Forthcoming USCG Response Letter to NTSB DUKW Recommendations M-19-15 and M-19-16

Good afternoon Morgan,

I am writing to inform the Board that the Coast Guard Deputy Commandant for Operations, Vice Admiral Daniel Abel, has signed a response letter to the recommendations issued in the NTSB Safety Recommendation report for the sinking of STRETCH DUCK 7. In the Coast Guard's response letter, VADM Abel partially concurred with M-19-15 and fully concurred with M-19-6. Our response letter, which also describes the actions being taken and planned by the Coast Guard, is being processed with anticipated delivery to your office on Friday, April 24th.

Best regards,  
Jason

CAPT Jason Neubauer  
U.S. Coast Guard Headquarters  
Chief, Office of Investigations and Analysis (CG-INV)
