

**STATEMENT OF ACCEPTANCE OF THE
INSTALLATION OF REPLACEMENT RELEASE
AND RETRIEVAL SYSTEM TO AN EXISTING
LIFEBOAT**

No. 2016/WM/01/13-002

RINA No. 76747
RINA No. 76747

Issued under the provisions of regulation I/5 of the
INTERNATIONAL CONVENTION FOR THE SAFETY OF LIFE AT SEA, 1974, as amended,
under the authority of the Government of
PANAMA

by

RINA Services S.p.A.

Name of ship	IMO Number ⁽²⁾	Port of registry
CARIBBEAN FANTASY	8814263	PANAMA

Lifeboat details: See Table 1

Replacement release and retrieval system details: See Table 1

The above release and retrieval system has been installed and tested under the supervision of

RINA Services S.p.A., as documented in:

Survey report no 2016/WM/01/13;

Certificate no 2016.GE.01.845, dated 11 May, 2016

Installation drawing(s) no(s) STRT-30346, STRT-30437, STRT-30438, STRT-30439, STRT-30440 dated 16 May, 2016 .

This statement is to confirm that:

1. The replacement release and retrieval system meets the relevant requirements of the LSA Code, chapter IV, section 4.4.7.6.
 - The replacement release and retrieval system construction and the equipment of the above-mentioned ship was found to comply with the provisions of SOLAS regulation III/4 when tested in accordance with the Revised recommendation on testing of life-saving appliances (resolution MSC.81(70)), part 2 Section 5.3.1, 5.3.4, 5.4 [The test required by paragraph 5.3.4 may be waived if the fixed structural connections of the release mechanism of the lifeboat is not modified]
2. The validity of the relevant Safety Certificate is not affected by the installation of the replacement release and retrieval system.
3. The installation of the replacement release and retrieval system offers a level of safety which is at least as effective as the original manufacturer's equipment.
