Good Afternoon Sir,

As you can see below the vessel and the company have been searching for a Port Mate who can assist the mates loading the vessel in Jacksonville. It is safe to say that having a Port mate during the loading of the vessel on Tuesday is essential. At this time TOTE is having difficulties locating a port mate, and I am hoping that you might be able to locate a person from PORTUS who can come on and assist the vessel for approximately 8 hours on Tuesday, from 11am to 1900. Thank you very much for your time and considerations.

Very Respectfully,

Bryan C. Vagts
Chief Mate

CM,

See the below regarding a Port Relief Mate in JAX on 15 Sept 15.
Send Don a quick message requesting PORTUS to supply their man.
Keep me "cc'd" in all comms.

Thx,
M.

Hi Captain,

Thanks for the confirmation. I just wanted to make sure because we have been having some email issues. Also we are still not having luck finding a Port Mate. Evan will not be back until the first week in October and all of our backups are currently out on other vessels. AMO is still searching as well. I will keep you updated if anything changes.

Thanks!

Good morning Captain,

Did you receive my crew arrival I sent yesterday?

It had the updates on the Standby's. CC was filled by Isaac Newsome and the
AB Standby is still open.

Thanks!
