Subject: Safety & Vessel Ops Task Allocation
Date: Tuesday, July 28, 2015 7:07:11 PM
Attachments: [Safety & Ops Tasks Distribution \(Rev.1\).docx](#)

All,

A recent review of the many tasks performed within the Vessel Operations and Safety Department has resulted in a realignment of task responsibilities. With an eye on greater efficiencies task allocations have been spread across our professional individuals where specific expertise will be appropriately applied. Attached are the internal tasks and the individuals to whom the task is assigned. Kindly direct all inquiries and issues for these tasks to the individual so assigned. Thank You.

Best Regards,
Mitchell D. Walker
