

N717ML J3C-65 sn.22411

Date: 10/17/14

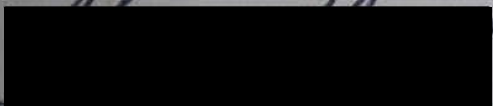

TT: 21.7

Total Airframe time: 5789.7

C/W AD 47-50-03 by visual inspection, found not interference and canvas secure.

C/W AD 68-05-01 by visual inspection, exhaust system and exchanger secure, no cracks observed.

Installed new oil pressure line to the gauge. Installed new air filter element BA-4108. Aircraft does not have ELT installed and may only be operated for training purposes within 50 nautical miles of base. I certify that this airframe has been inspected in accordance with annual inspection and was determined to be in an airworthy condition.
