

**Conversation between the Communication Specialist and the Pilot October 4, 2007 21:55:57**

**Pilot:** Hello...

**Communication Specialist:** Hey is this Ric...

**Pilot:** Yea...

**Communication Specialist:** Hey man this is Courtney up here in dispatch. Let's go fly.

**Pilot:** Let's go flying

**Communication Specialist:** Okay we got a...GM's back you'll have Ronnie and Dana for a crew, and we're going to Alamosa to Denver.

**Pilot:** Alamosa...

**Communication Specialist:** Excuse me no, no Denver, cross that off your head, Memorial to the... Colorado Springs.

**Pilot:** Springs

**Communication Specialist:** Yep, Colorado Springs

**Pilot:** Couple questions here, we use jet center in Colorado Springs?

**Communication Specialist:** Um...yea I think so, let me just double check, man it's been so long since I sent anybody in there...

**Pilot:** Man I haven't been to Colorado Springs since 2001.

**Communication Specialist:** ...they usually go to Denver. Yep, we use Colorado jet center.

**Pilot:** Okay

**Communication Specialist:** Yep

**Pilot:** Alright

**Communication Specialist:** And let's see...so GM, Ronnie, Dana and we'll pick up (patient name and spelling) ...

**Pilot:** That's a weird last name.

**Communication Specialist:** Yea, and 185 lbs and no rider.

**Pilot:** Okay

**Communication Specialist:** And so we're going to Alamosa to pick up and then to the Springs.

**Pilot:** Alrighty, I'll be down to the airport in 12 minutes.

**Communications Specialist:** Okay sounds good. Thanks man.

**Pilot:** Okay bye

**Communication Specialist:** Bye

**Radio communication between the Pilot and the Communication Specialist October 4, 2007 22:36:02**

**Pilot:** Eagle base this is GM

**Communication Specialist:** GM go ahead

**Pilot:** GM we are taxiing out, we will be airborne at 3-5, crew of 3, show us 20 minutes to Alamosa, 3 hours 30 minutes of fuel and 6, 3 and 3.

**Communication Specialist:** Okay, what's your cruising altitude and please repeat your ETA. Cruising altitude and ETA

**Radio communication between the Pilot and the Communication Specialist October 4, 2007 22:36:56**

**Pilot:** Cruising altitude is going to be at 12,500 ETA 20 minutes

**Communications Specialist:** Okay copy 12,500 and did you say 2 – 0, 20 minutes?

**Pilot:** Affirmative

**Communication Specialist:** It usually takes the crews about 5-0, 50 minutes, it sounds a little off.

**Pilot:** Well the minute machine does not work until I start moving...

**Communication Specialist:** Okay, if you'll just give me an update once you get up...

**Radio communication between the Pilot and the Communication Specialist October 4, 2007 22:57:35**

**Pilot:** Eagle base GM is showing 3-0

**Communication Specialist:** Okay, copy that thanks.

**Radio communication October 4, 2007 23:53:56**

**Communication Specialist:** 590GM, 0GM Eagle dispatch...

**Radio communication October 4, 2007 23:55:28**

**Communication Specialist:** 590GM this is Eagle dispatch, do you copy?

**Radio communication October 5, 2007 00:04:51**

**Communication Specialist:** 590GM Eagle dispatch...
