Hello Juan:

It has been a while; hope all is well with you. Work has been very busy (including a recent voice recorder with Venezuelans), and I have not been able to get back to you about this accident. The Board has just published some information, but I first need to find out if you/7063 are still interested in maintaining party status to this accident. You have not responded to repeated emails, which is part of the requirement to maintain that party status.

Please advise; if I don't hear from you by COB Friday, particularly with responses to the below questions, I'll unfortunately have to assume there no longer is any interest on your/7063 part and will terminate your party member status.

Thanks,
Paul
