

ATTACHMENT 42 – *ENBRIDGE ENVIRONMENTAL REMEDIATION COSTS*

**MP 608 – Marshall, Michigan Incident
NTSB/PHMSA Information Request No. 98**

98 Reference: Email request by Matt Nicholson of October 28, 2010

Preamble:

Request: Provide Total cost of the emergency response and cleanup.

Response: In connection with this incident, we estimate that, before insurance recoveries, we will incur aggregate costs of approximately \$430 million, excluding fines and penalties, and approximately \$13 million of lost revenue.

The following table includes the material components underlying our estimated loss for the cleanup, remediation and restoration associated with the Line 6B leak:

	(in millions)
Equipment and other resources.....	\$ 111
Field response personnel.....	154
Professional, regulatory and other.....	165
 Total.....	 \$ 430
