

ATTACHMENT 6 – *EPA RESPONSE TIMELINE*

Date	Time	Agency	Significant Event	Comments
7/26/10	11:45	Enbridge	Marshall PLM employee Ben Camp discovered oil spill and initiates first notification to Mick Collier and Rusty Smith to report release of oil. Order issued to begin boom deployment. K & D Environmental Response contacted for Fractionalization (Frac) Tanks.	
7/26/10	11:55	Enbridge	Employee Tom Fridel contacts Leon Zupan, Senior Management, and initiates company Emergency Response protocol	
7/26/10	12:30	Enbridge	First containment booming of spill oil began	
7/26/10	12:50	Enbridge	Contacted by Michigan Department of Natural Resources and Environment (DNRE)	
7/26/10	13:08	Enbridge	Vince Kolbuck notified the National Response Center (NRC) estimating release at 19,500 BBLs. Placed on hold due to volume of calls at NRC.	
7/26/10	13:20	Enbridge	Distribution of Control Points from Chicago Region Facility Response Plan to facilitate boom placement locations	
7/26/10	13:33	NRC	Issued Incident Report #948903 which provided initial notification to Federal, State and Local agencies of the spill	
7/26/10	13:40	USEPA	OSC Schlieger contacts Enbridge, Griffith Facility (Vince Kolvuk) to verify the information reported on the NRC Report. Enbridge confirmed the report, but stated that it had no further information.	
7/26/10	13:40	Enbridge	Superior Region and Eastern Region PLM staff mobilized to assist with response efforts	
7/26/10	13:47	NRC	Pipeline & Hazardous Materials Safety Administration (PHMSA) notification confirmed	
7/26/10	13:47	NRC	CG Atlantic Strike Team notification confirmed	
7/26/10	13:47	NRC	Michigan Department of Community Health (HSEES) and DNRE notification confirmed	
7/26/10	13:49	NRC	EPA Region 5 notification confirmed.	
7/26/10	13:50	Enbridge	Contacted by Pipeline & Hazardous Materials Safety Administration (PHMSA)	

7/26/10	13:50	Enbridge	Responsible Party (RP) Incident Command Post established at Enbridge Marshall Office. Contact established with company's Oil Spill Response Organization (OSRO), Bay West.	
7/26/10	13:51	USEPA	OSC Schlieger contacts OSC Wolfe to inform him of the Spill and to start his mobilization. OSC Wolfe departs for the spill Site at 14:15.	
7/26/10	13:55	Enbridge	Received a call from US Environmental Protection Agency.	
7/26/10	13:58	USEPA	Opened Oil Spill Liability Trust Fund (OSLTF). Federal Project Number (FPN) E10527 issued for government cost.	
7/26/10	14:00	USEPA	EPA sends email with notification of the Spill to all OSCs.	
7/26/10	14:05	USEPA	OSC Jaster printed NRC Report and discusses with BC El-Zein. BC El-Zein immediately contacts OSC Kimble (who is on a Removal Site in Western Michigan, which is 2 hours from Marshall). OSC Kimble notifies contractors to stabilize Removal Site (International Casting) and departs for the spill Site at approximately 14:20. OSC Wolfe, who is on-call and in Westlake, MI, is mobilized to meet with OSC Kimble. OSC Wolfe's ETA is 4 hours.	
7/26/10	14:15	USEPA	OSC Schlieger contacts Weston Solutions (Pam Bayles) Superfund Technical Assistance & Response Team (START) and START project officer to begin mobilization of START Contractors to Marshall, MI to begin oversight and air monitoring.	
7/26/10	14:19	Enbridge	Notification sent out via the Leak Reporting Data Base to notify all applicable departments & personnel	
7/26/10	14:25	Enbridge	Environmental department from Enbridge mobilizes for deployment to site	
7/26/10	14:29	USEPA	OSC Schlieger contacts OSC Borries, the lead OSC for the Allied Paper/Portage Creek/Kalamazoo River Superfund Site (Kalamazoo River Superfund Site) to request follow-up on possible implications of oil spill on the Kalamazoo River Superfund Site.	

7/26/10	14:55	USEPA	OSC Schlieger sends email to the Region 5 Emergency Response Notification list, which includes all Region 5 Senior Management and Section Chiefs (SC).	
7/26/10	15:00	Enbridge	Enbridge contacts Calhoun County Management to give status update	
7/26/10	15:00	USEPA	Initial Funding (\$25,000) received from USCG-NPFC .	
7/26/10	15:15	Enbridge	Senior Manager of Public Affairs, Larry Springer, briefed	
7/26/10	15:15	Enbridge	Contacted McMillian Construction and Superior Environmental Services, and Youngs Environmental contacted for resources,	
7/26/10	15:55	Enbridge	Contacted by Michigan Public Service Commission	
7/26/10	15:59	USEPA	BC El-Zein receives call from Region 5 Superfund Deputy Director (DD) Ballotti to discuss the Spill. BC El-Zein informs DD Ballotti that OSCs are responding to a large oil spill in Marshall and provided a summary update on the spill.	
7/26/10	16:00	USEPA	OSC Schlieger contacts the Department of the Interior (Chezik) regarding potential Natural Resources Damages due to the volume of the Spill.	
7/26/10	16:07	USEPA	BC El-Zein receives call from Section Chief Gebien to discuss the availability of additional Region 5 OSCs.	
7/26/10	16:32	USEPA	OSC Kimble arrives at the Spill site and observes oil in Talmadge Creek at Division Street. Observations include large quantities of oil gushing through a culvert. The Marshall and Marshall Township Fire Departments were on-scene.	
7/26/10	16:53	USEPA	OSC Dollhopf (from his office in Traverse City, MI.) calls Section Chief (SC) Durno to offer assistance.	
7/26/10	16:55	USEPA	OSC Dollhopf calls OSC Kimble to offer assistance.	
7/26/10	17:00	USEPA	OSC Kimble arrives at the Enbridge facility and meets with the Enbridge representative Fridel.	
7/26/10	17:00	USEPA	OSC Schlieger contacts the Department of Transportation-Office of Pipeline Safety to ensure notification of the Spill.	
7/26/10	17:30	USEPA	At the direction of OSC Schlieger, the first START arrived on scene. START begins Air Sampling efforts to measure air quality. START also begins oil sample collection.	

7/26/10	17:40	USEPA	OSC Dollhopf calls OSC Kimble to talk about situational awareness.	
7/26/10	17:55	USEPA	OSC Wolfe arrives at the spill Site.	
7/26/10	18:35	USEPA	OSC Dollhopf calls OSC Kimble to give, and obtain, a site update, as well as to discuss scheduling matters, and Dollhopf's mobilization time. OSC Dollhopf confirms that he will mobilize ASAP. OSC Dollhopf suggested that the EPA-Environmental Response Team (ERT) Trace Atmosphere Gas Analyzer (TAGA) could be useful and stated that he would have Branch Chief (BC) El-Zein make the request to ERT.	
7/26/10	18:00	Enbridge	Air Monitoring underway and RP to issue personal monitoring devices to 1st responders. Communications schedule established for every 3 hours. Hot zone established around spill sites.	
7/26/10	18:48	USEPA	OSC Dollhopf contacts the Emergency and Rapid Response Service Contractor (Environmental Quality Management-EQM) for delivery of the Mobile Command Post (MCP) to house operations and IC.	
7/26/10	18:49	USEPA	BC El-Zein receives call from OSC Kimble to discuss level of response initiated by Enbridge.	
7/26/10	18:52	USEPA	OSC Dollhopf contacts Weston Solutions (START) to mobilize additional assets to the Incident.	
7/26/10	18:54	USEPA	BC El-Zein calls OSC Kimble to discuss USEPA resource deployment needs.	
7/26/10	19:00	USEPA	OSC Dollhopf contacts Branch Chief El-Zein to discuss his deployment status.	
7/26/10	19:03	USEPA	OSC Dollhopf contacts EPA-Environmental Response Team (ERT) regarding the request for the TAGA for advanced air monitoring support.	

7/26/10	19:05	USEPA	BC El-Zein calls OSC Dollhopf to discuss Dollhopf response role.	
7/26/10	19:20		OSC Wolfe performs an over-flight of the Spill.	
7/26/10	19:30	USEPA	Notice of Federal Interest (NOFI) issued to RP by OSC Kimble.	
7/26/10	19:40	USEPA	OSC Wolfe returns from the over-flight. Due to the situation, the OSCs order a full Incident Management Team (IMT) with OSC Dollhopf to assume the Incident Commander (IC) role.	
7/26/10	20:07	USEPA	OSC Dollhopf contacts the National Response Center (NRC) duty officer and requests the phone number for the On-Call duty officer for the USCG-National Strike Force (NSF).	
7/26/10	20:10	USEPA	OSC Dollhopf receives call from the NSF to discuss availability of resources due to the USCGs response to the BP Deepwater Horizon Spill.	
7/26/10	20:18	USEPA	OSC Dollhopf contacts the USCG-NSF.	
7/26/10	20:29	USEPA	OSC Dollhopf returns call to the NSF to request available assets.	
7/26/10	20:40	USEPA	Branch Chief El-Zein calls OSC Dollhopf to provide report after the Wolfe over-flight. The call focused on the mobilization of the IMT, TAGA, START, OSCs and ERRS, if needed.	
7/26/10	20:45	USEPA	Held meeting with RP and representatives from State and Local agencies. EPA notifies RP that federal resources will be mobilized if RP does not demonstrate adequate resources for spill response deployment.	
7/26/10	21:00	USEPA	Unified Command established with EPA, RP, and MDNRE, as well as several cooperating and assisting agencies, at the Enbridge Marshall Office. UC meeting with RP. RP states more resources on the way for deployment. RP states detailed information regarding additional resource deployment to be provided at 00:00.	
7/26/10	21:02	USEPA	BC El-Zein calls OSC Kimble for an update.	
7/26/10	21:02	USEPA	OSC Dollhopf calls START to discuss available resources.	

7/26/10	21:07	USEPA	BC El-Zein calls OSC Borries for an update on the Kalamazoo River Superfund Site, which includes PCB contamination in the Kalamazoo River. Instructs OSC Borries to contact OSC Dollhopf and to ask RPM Saric to deploy to Marshall to assist the OSC and make sure the Kalamazoo site is protected from this oil spill.	
7/26/10	21:08	USEPA	OSC Dollhopf calls START to continue discussion of available resources and mobilization times for those resources.	
7/26/10	21:40	USEPA	OSC Dollhopf calls Branch Chief El-Zein to discuss mobilization of additional resources.	
7/26/10	21:45	USEPA	OSC Borries calls OSC Dollhopf regarding the Kalamazoo River Superfund Site. During the call OSC Borries describes the flow of the Kalamazoo River, the complexity of the PCB issue at the Superfund Site and the impact that crude oil (specifically the Benzene) might have on the contaminated PCB sediments.	
7/26/10	21:56	USEPA	OSC Dollhopf calls Branch Chief El-Zein to discuss the mobilization of a full Incident Management Team.	
7/26/10	22:14	USEPA	OSC Dollhopf contacts OSC Turner to determine availability to be the Operations Section Chief for the IMT.	
7/26/10	22:28	USEPA	OSC Dollhopf contacts OSC Kelly to determine availability to be the Operations Section Chief. OSC Kelly is scheduled to mobilize on 7/27 as the Operations Section Chief.	
7/26/10	22:43	USEPA	BC El-Zein receives call from OSC Dollhopf to discuss the installation of OSC Kelly as Ops Section Chief and the need for additional IMT.	
7/26/10	22:44	USEPA	Due to the number of calls, it is decided to form a conference call bridge and have several people call-in. This includes OSC Wolfe, OSC Kimble, BC El-Zein and START (Capone). The focus of the call was to provide situational awareness and to communicate the available information effectively. The call also detailed the need for all EPA and START assets and the need to plan for mobilization of additional START assets, when available. A follow-up call was also scheduled.	

7/26/10	22:46	USEPA	OSC Kimble sent an email to BC El-Zein, SC Durno stating that 12 vacuum (vac) trucks, 6 frac tanks and 600' of boom were now at the Spill.	
7/26/10	23:00	PHMSA	1st PHMSA representative, Brian Pierzina, arrives on site	
7/26/10	23:24	USEPA	A second conference call bridge with OSC Dollhopf, BC El-Zein, and START Capone is established to provide situational awareness and to provide updates to assets that were mobilizing. Another focus in the meeting was the decision to formalize federal oversight of the RP through a CWA 311(c) Order. Also the need to establish an Incident Commander (IC) to lead the EPA response.	
7/26/10	23:43	USEPA	OSC Dollhopf calls BC El-Zein to discuss IMT mobilizations.	
7/26/10	0:00	USEPA	RP provides UC with briefing on resources mobilized to that time. RP also gives notice of resources enroute. RP informs UC that RP still seeking additional resources to mobilize.	
7/26/10		County	Calhoun County Public Health Department (CC PHD) and Sheriff's Office (CC SO) providing assistance - present throughout the day.	
7/27/10	0:40	USEPA	OSC Wolfe email to Mick Hans with request for PIOs.	
7/27/10	1:57	USEPA	Email from OSC Kimble to OSC Dollhopf discussing Enforcement and START resources.	
7/27/10	5:28	USEPA	First Funding Increase (\$25,000 to \$300,000)	
7/27/10	6:00	USEPA	Issued Pollution Report #1	
7/27/10	6:34	USEPA	OSC Simon sends email requesting rights to the website to publish the first POLREP.	
7/27/10	6:53	USEPA	BC El-Zein emails Kelley to request PIOs.	
7/27/10	6:56	USEPA	BC El-Zein emails SC Kush to request an attorney from ORC.	
7/27/10	7:31	USEPA	OSC Dollhopf receives call from EPA Duty Officer/OSC Simon with an update.	
7/27/10	7:39	USEPA	OSC Dollhopf contacts BC El-Zein for an update.	
7/27/10	7:48	USEPA	OSC Borries contacts the Kalamazoo River Superfund Site foreman to discussion the site, the flood stage, the potential impact of the oil spill, and to provide a site update.	

7/27/10	7:58	USEPA	Start of several emails from OSC Simon to OSC Gulch to discuss the mobilization of the Region 5 Sprinter, which is a small MCP and communications vehicle.	
7/27/10	8:00	USEPA	OSC Dollhopf arrives at the Enbridge Leggett Road facility and immediately meets with OSC Wolfe and OSC Kimble to get an update on the situation. OSC Dollhopf meets with Enbridge Personnel and then travels to the Calhoun County Sherriff's Office, which was the EOC.	
7/27/10	8:50	USEPA	OSC Borries has conference call with the Kalamazoo River Superfund Site Responsible Party (RP) to discuss PCB contamination and potential impacts of the oil spill.	
7/27/10	8:53	USEPA	OSC Dollhopf receives call from Region 5 Public Affairs (Kelley) to discuss the need for PIOs.	
7/27/10	9:00	USEPA	In route to Regional Tribal operations meeting in Baraboo, WI, RA Hedman, SF Division Director Karl, DRA Mathur and RC Kaplan placed numerous calls to EPA HQ and to the team on-site. EPA Senior Management had 3 objectives: 1) to better understand the responders' resource needs, to assist federal responders in identifying, mobilizing, and deploying additional resources, and to relate ongoing response actions and resource needs to HQ; 2) to better understand the scope of the spill; and 3) to order Enbridge to address the spill under CWA 311 (c). These calls continued throughout the day.	
7/27/10	9:00	USEPA	OSC Dollhopf meets with START contractors and EQM, who had delivered the MCP, at the Enbridge Leggett Road facility. A second set of START contractors were also on-site.	
7/27/10	9:15	USEPA	OSC Dollhopf instructs EQM to move the MCP and Operations to Calhoun County EOC.	
7/27/10	9:43	USEPA	Email from Kelley notifying the responding OSCs that PIO Novak is in route.	
7/27/10	10:22	USEPA	OSC Dollhopf calls BC El-Zein to provide situational awareness.	

7/27/10	11:15	USEPA	OSC Dollhopf receives calls from BC El-Zein to continue discussion of situational awareness.	
7/27/10	11:32	USEPA	OSC Dollhopf receives call from RPM Saric to discuss the Kalamazoo River Superfund Site.	
7/27/10	11:44	USEPA	Email from OSC Dollhopf to the Great Lakes Commission (Stuart Eddy) to request the most recent electronic versions of the Inland Sensitivity Atlas for the Marshall to Kalamazoo area.	
7/27/10	12:00	USEPA	Unified Command shifts from Marshall PLM location, to Justice Center, Battle creek, MI.	
7/27/10	12:05	USEPA	OSC Dollhopf calls the EPA Region 5 Chicago EOC to provide a situational update and to request all available information on the area (mapping), staffing and resources.	
7/27/10	12:10	USEPA	EPA-Office of Regional Counsel (ORC) attorney Kirby-Miles assigned to the Spill.	
7/27/10	12:30	USEPA	Regional Counsel Kaplan contacted ORC Attorney Kirby-Miles and directed that she draft a Clean Water Act 311(c) Administrative Order for the Spill.	
7/27/10	12:38	USEPA	BC El-Zein receives call from Section Chief Kush to discuss access to the NPFC.	
7/27/10	12:38	USEPA	Email from to OSC Dollhopf from EPA Tzallas that forwards an email from the Department of Transportation about the Enbridge Facility Response Plan.	
7/27/10	13:22	USEPA	OSC Dollhopf receives call from the NSF to discuss request an on-call phone number for USCG-MSU Milwaukee (specifically Commander Meier).	
7/27/10	13:30	USEPA	OSC Dollhopf receives call from the USCG-Milwaukee Commander Meier to discuss coordinating available USCG assets.	
7/27/10	13:53	USEPA	OSC Dollhopf receives call from BC El-Zein to discuss mobilization of resources, response, and enforcement strategies.	
7/27/10	14:00	USEPA	OSC Dollhopf calls BC El-Zein to discuss mobilization of resources, response, and enforcement strategies.	

7/27/10	14:47	USEPA	OSC Dollhopf calls DD Karl to provide a situational awareness and to discuss the need for RPM Saric to mobilize to site for his knowledge of the Kalamazoo River and the Kalamazoo River Superfund Site.	
7/27/10	15:10	USEPA	OSC Dollhopf calls to BC El-Zein to discuss mobilization mobilization of resources, response, and enforcement strategies.	
7/27/10	16:00	USEPA	OSC Gulch requests support from the 51st Civil Support Team (CST) for additional air monitoring.	
7/27/10	17:47	USEPA	EPA Conference call bridge established with EPA-Region 5 Senior Management to provide situational awareness and provide updates.	
7/27/10	20:00	USEPA	Throughout the evening US EPA orders cleanup contractor services (ERRS)	
7/27/10	20:01	USEPA	OSC Dollhopf receives call to discuss the need for additional resources, IMT and OSCs.	
7/27/10	20:15	USEPA	Removal Administrative Order (Admin Order) issued to RP under Section 311 C of the Clean Water Act to perform specific response and mitigation actions.	
7/27/10	21:06	USEPA	OSC Dollhopf calls OSC Gulch to discuss the mobilization of the CST and the progress towards moving the Incident Command Post (ICP) to Marshall, MI.	
7/27/10	21:10	USEPA	OSC Dollhopf receives call from START to discuss resources.	
7/27/10	21:17	USEPA	OSC Dollhopf receives call from OSC/OPS Section Chief Kelly to discuss need for additional PIOs.	
7/27/10	22:04	USEPA	OSC Dollhopf receives call from BC El-Zein to discuss situational update.	
7/27/10	22:31	USEPA	EPA Conference call bridge established with EPA HQ (Deputy Administrator Perciasepe, Chief of Staff Thompson), Region 5 Senior Management (Hedman, Mathur, Karl) to provide an update and to answer questions about staffing, Enbridge's response, next steps, and available resources for the Spill.	
7/27/10		USEPA	Request for Coast Guard support issued.	

7/27/10		USCG	2 personnel arrive from CG National Strike Force (NSF) to assist with Operations.	
7/28/10	2:38	USEPA	OSC Kimble emails T&T Bisso asking about the availability of support from oil spill cleanup experts	
7/28/10	2:51	USEPA	OSC Kimble sends email to OSC Kelley discussing request for NOAA support.	
7/28/10	3:24	USEPA	Email from OSC Kimble to Lata-Kemron confirming OSC Kimble's request for contractor resources.	
7/28/10	3:40	USEPA	OSC Kimble sends email to Environmental Restoration (ER) requesting that additional resources be placed on standby. OSC Kimble also instructs ER not to divert to EPA resources already being sent to the RP.	
7/28/10	8:30		RPM Saric arrives at the Site.	
7/28/10	8:58	USEPA	Second Funding Increase (\$300,000 to \$2,000,000).	
7/28/10	10:33	USEPA	OSC Kimble sends email to BC El-Zein and OSC Dollhopf with summary of contractor resources ordered and the daily burn rate	
7/28/10		USEPA	RA Hedman call with Administrator Jackson, Chief of Staff, Deputy Administrator, and AAs about deployment to site and resource needs.	
7/28/10		USEPA	RA Hedman calls OSC Dollhopf to discuss deployment of RA, DRA, and Superfund Division Director to Marshall, MI.	
7/28/10	12:00	USEPA	EPA calls MI Governor's office to provide an update on the status of the Spill.	
7/28/10		USEPA	UC shifts Incident Command Post to Walter Elementary School in Marshall, MI.	
7/28/10	23:36	USEPA	Issued Pollution Report #3.	
7/28/10		USCG	Received Pollution Funding Removal Authorization (PFRA).	EPA does not believe that USCG received a PFRA
7/28/10		USEPA	Logistics Cell reports 7 EPA OSCs and 7 IMT-qualified personnel on-site.	
7/28/10		USEPA	Liaison Officer reports approximately 20 State, Local and Federal agencies are participating in the response.	

7/28/10		NTSB	Pollution Report noted National Transportation Safety Board (NTSB) arrive on site.	
7/28/10		PHMSA	Pollution Report noted Pipeline and Hazardous Materials Safety Administration on site.	
7/28/10		USFWS	Received Pollution Funding Removal Authorization (PFRA).	
7/28/10		USEPA	OSC Dollhopf returned call to Michigan State Police Capt. Sands to provide situational awareness.	
7/28/10		USEPA	Enroute to Marshall, MI., RA Hedman discusses response with FEMA Region 5 Administrator Velasquez, EPA Deputy Administrator Perciasepe, and Michigan State Police Captain Sands.	
7/29/10	6:40	USEPA	OSC Kimble emails Lata-Kemron, ER, EQM - requesting detailed resource list of deployed assets.	
7/29/10		USEPA	RA, DRA, and Superfund Division Director arrive at IC post in Marshall, MI.	
7/29/10		USEPA	RA Hedman meets with Enbridge CEO at IC post to discuss spill response.	
7/29/10	21:50	USEPA	Issued Pollution Report #4 (20,510 feet of boom deployed-through 7/29/10, 252 operations personnel in field).	
7/29/10		USCG	8 personnel arrive from CG District 9 IMT, including the District Response Advisory Team (DRAT) Supervisor, to assist with Technical and Contractor oversight functions.	
7/29/10		USEPA	PRFA issued to ATSDR	
7/30/10	10:00	USEPA	OSC Wolfe consults with US Fish and Wildlife Service (USFWS) in an emergency consultation pursuant to Section 7 of the Endangered Species Act.	
7/30/10	21:44	USEPA	Issued Pollution Report #5 for period 1900 7/29/10 which noted Kalamazoo Sheriff's Office had joined the Unified Command (51,090 feet of boom deployed, 647 operations personnel in field).	
7/30/10		USCG	Two additional personnel arrive from USCG District 9 IMT.	
7/31/10	11:51	USEPA	Third Funding Increase (\$2,000,000 to \$6,000,000).	

7/31/10	20:30	USEPA	The EPA IMT issued and distributed 1st Incident Action Plan (IAP) covering period of 0700 8/01/10 to 0700 8/02/10.	
7/31/10	22:47	USEPA	Issued Pollution Report #6 (@ 67,000 feet of boom deployed-through 7/31/10, 684 operations personnel in field).	
7/31/10		USCG	One additional personnel from USCG District 9 IMT, and 5 additional NSF personnel arrive.	
	12:00		Met with Enbridge CEO's about the response.	
	12:36	Enbridge	Contacted Terra Contracting to order Vacuum Trucks and Tankers	
		USFWS	USFWS agreed to assist with management of dead and contaminated wildlife	

List of Acronyms

BC	Branch Chief
CC	Calhoun County
