## **ERRATA: Medical Factual Report**

Nicholas Webster, MD, MPH  
Medical Officer

**A. ACCIDENT:** CEN15MA290 - Frisco, Colorado, July 3, 2015

### **B. Purpose of Errata**

Errata are used for corrections and suggestions of an editorial nature, and minor corrections that would not change the sense of the reports. Two corrections to the medical factual report in this accident are listed below.

### **C. Factual Docket Corrections**

1. In the Medical Factual Report, the correct coroner is the Summit County Coroner rather than the Jefferson County Coroner. (page 2)
2. On page 2, the Summit County Coroner determined the immediate cause of death was blunt force injuries to chest, abdomen and pelvis. Additionally, the coroner determined another significant condition contributing to the death was an inflammatory reaction involving the lungs related to inhalation of products of the fire including thermal injuries.
