Biography of Marshall S. Epler

Marshall S. Epler, PE

Deputy Chief – COM & NET Systems

Department of Transit Infrastructure and Engineering Services

Marshall Epler has been employed at the Washington Metropolitan Area Transit Authority since 2004. In his current position as the Deputy Chief Engineer for COM & NET Systems, he is responsible for the design, build, operation, and maintenance oversight of a wide range of low voltage systems including fire alarm, radio, CCTV, access control, public address, and Call-for-Aid systems. He received his BS in Electrical Engineering from the University of South Alabama and is registered as a professional engineering in Pennsylvania and Maryland. Marshall has over 30 years of engineering and project management experience.
