SPECIAL FLIGHT PERMIT

This authorization must be displayed in the aircraft in accordance with Title 14 of the Code of Federal Regulations (14CFR) Paragraph 91.203.

This permit, dated: January 23, 2006

Aircraft Make: Aero Vedochody Serial Number: 04-0004

Aircraft Model: L-39 MS Registration Number: N104XX

and is authorized to fly: VFR/IFR DAY/NIGHT from Anchorage, AK
to: Seattle, WA

for: Maintenance

The following limitations apply: Required flight crew only. Route as required for fuel and weather.

This authorization expires upon arrival at destination or on: 01/31/2006

Prior to flight, an entry must be made in the aircraft records by a certificated mechanic or appropriately rated repair station certifying the aircraft is safe for the intended flight. Any Airworthiness Directive (AD) pertinent to this make and model aircraft requiring accomplishment before further flight, or any for which the time limit has been reached or exceeded MUST BE complied with before ferry flight is initiated.

IMPORTANT NOTICE
The owner and/or operator of this aircraft must obtain written permission from the other country's Civil Air Authority prior to operating this aircraft in that country. That written permission MUST BE carried on board the aircraft, along with the U. S. Airworthiness Certificate and made available to any FAA Inspector or Civil Air Authority in the country of operation upon request.

Kenneth M. Brown
Aviation Safety Inspector (Airworthiness)
Van Nuys FSDO, Van Nuys, California

1-23-06

I find this Aircraft safe for
a ferry flight 

John Berens (Det)
