Description - [** Comment to Railroad/Company **] Conducted bridge inspection records review, Bridge 13.70, Pennsgrove Secondary. No component condition marked on the structural inspection reports indicated adverse conditions which would preclude the bridge from performing as intended. Noted, as written in Conrail's Bridge Management Program (BMP) Conrail adopted on September 14, 2012, a quarterly moveable bridge inspection is to be performed, the last quarterly was conducted on June 25, 2012, the September quarter has not been conducted. This quarterly inspection is not required in 49-CFR- parts 237, however, the railroad has made this a requirement in their BMP wch requires adherence, this has not been adhered to. No action or response required.
