DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2010-0160]

Notice of Application for Approval of Discontinuance or Modification of a Railroad Signal System

Pursuant to Title 49 Code of Federal Regulations (CFR) Part 235 and 49 U.S.C. 20502(a), the following railroad has petitioned the Federal Railroad Administration (FRA) seeking approval for the discontinuance or modification of the signal system, as detailed below.

Applicant: CSX Transportation, Mr. Joseph Ivanyo, Chief Engineer, Communications and Signals, 500 Water Street, SC J-350, Jacksonville, FL 32202.

The CSX Transportation, Inc. (CSXT) seeks relief from the requirements of 49 CFR Section 235.5 to expedite successful installation of the Positive Train Control (PTC) mandated by the Rail Safety Improvement Act of 2008. CSXT will be updating first generation, non-microprocessor based coded track circuitry, eliminating certain searchlight signal mechanisms, relocating signals to more advantageous locations and other desired modifications not previously addressed, which may otherwise require the submission of an application.

In requesting this waiver, CSXT proposes to perform minimal modifications to existing signal systems, while maintaining compliance with Part 236 in the same manner and process as provided for under 49 CFR 235.7(c)(24)(vi). Providing identification of the proposed changes to FRA's regional office having jurisdiction in the affected area would expedite desired modification of existing signal systems in preparation for the installation of PTC, while reducing the administrative workload for both FRA and CSXT. Additionally, this relief would reduce the approval delay, while still providing FRA review and oversight of the proposed changes in the same manner as pole line elimination projects.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.
