Ma'am,

I have a total of five people from my Unit that have been on scene. I have copied them on this e-mail. I will complete RM-2s on them and forward.

However, there were other NJSP members part of this response and exposed who are not in my chain of command, ie. HMRU, Troop A, MSB and Aviation. You may have to reach out to their supervisors for the RM-2.

Thanks, John

Hello Sir,

Received the exposure report. Could you reach out to the personnel that was on the scene and have them also fill out an RM-2 even if no medical treatment sought. Then as supervisor you will need to sign it. Will should have one on file for each exposure even if their is no treatment.

Carol
