Title

**Biography Wilbert (Wil) den Ouden
Conrail Conductor**

Wilbert (Wil) den Ouden is a Conductor for Consolidated Assets (Conrail). I was the conductor on duty on 11/30/2013, on the fc42/ca11, that derailed over the Paulsboro Movable Bridge at 6:55 am. I was responsible for the train that we were pulling that day. I started with Conrail on 9/22/2008 as a conductor trainee and was promoted to conductor roughly about a year later. I attended Marist College in Poughkeepsie, NY on a basketball scholarship and graduated in 1993.
