Rick,

This email is to confirm previous communication.

On the evening of March 30, 2011, Tramone Curry, the ITF simulation engineer on duty, confirmed that Vivan Ragusa and Reece Ollenburg were in the ITF for about an hour. On March 31, 2011, Vivan Ragusa was in the ITF from 8am to 12pm with Dwayne Kimball evaluating some FHA test points related to pitch force and pitch at takeoff.

Thanks
Bob
