Good afternoon,

LMFS did not have any contact with that aircraft on the date in question; in fact, I do not see any contacts for the last 15 days. Both DUAT vendors were checked with negative information.

Andy

Dear Sir or Madam,

My name is Jason and I am an Aviation Safety Inspector (ASI) with the Louisville FSDO. I am helping the Inspector In Charge (IIC) investigate an accident that occurred on 05/21/2015. I was wondering if you had any flight plan information or weather that involved a Grumman Cheetah, N26886, on that date. Thank you and have a great day.

Jason Brice  
Aviation Safety Inspector
