Subject: FW: Party technical review comments to NTSB JOHN S MCCAIN/ALNIC MC factual, rev 3

Good Afternoon Captain Romero:

Hope this email finds you well.

Attached are two documents:

- 1) The NTSB draft factual portion of the brief for the *USS John S McCain/Alnic MC* collision, rev 3; and
- 2) A technical review party comment sheet.

Kindly review and provide the Liberian Flag's comments to the draft factual on the comment sheet provided. We look to receive your comments no later than **Thursday, June 7, 2018**.

I understand this is a short lead time request, but we feel that most of the information contained in this revised factual was already sent to you for review and the revisions made are relatively minor in nature.

Shortly after the return of your comments, we will provide you with the NTSB's reply to the comments and amend/revise the factual as appropriate.

Kindly be advised that as party to this investigation, you are welcome to provide us with a written document, called a "party submission," with any additional comments you wish to make. This document will added to the NTSB's public docket. Kindly allow me to remind you the deadline for party submissions is **June 15, 2018**.

Thank you again for your assistance and my

Best Regards,

Mike Kucharski
