Don,

In response to your request for information by telephone, the date of the accident is beyond the 15 day data retention period. I can tell you however that LMFS did not provide services to the pilot on that day because the information was recorded on a daily activity log. "No services" also means he did not file a flight plan with us.

The phone numbers for two DUATS facilities (as you requested) are attached. Let me know if I can be further assistance.

Best regards,
