**NEW YORK INSPECTION OF GREAT
ESCAPES AND WORLD WIDE VEHICLES**

(11 Pages)

Bus Performance

NYSDOT performs semi-annual vehicle safety inspections on a wide variety of vehicles that are subject to inspections by the NYSDOT. Of approximately 154,000 inspections conducted each year, almost 80% are performed on vehicles used in school transportation service, either directly by a public or private school or by a contractor hired to provide that service. The remaining inspections are performed on vehicles used in other services regulated by NYSDOT: motor coach charter service, transit, ambulette (transit disabled) and "for hire" passenger service.

The following documents are for World Wide of Greater New York that were inspected under NYSDOT's semi-annual vehicle safety inspection program. The columns (left to right) are:

1. Operator (Operator name),
2. Insp. 02-03 / 03-04 (number of regular inspections performed between April 1, 2002 - March 31, 2003 or April 1, 2003 - March 31, 2004),
3. OOS 02-03 / 03-04 (number of failed regular inspections),
4. OOS Rate 02-03 / 03-04 (Out of Service rate for Operator during given period),
5. OpID (BUSNET Operator identification number),
6. City (City where the Operator is located),
7. Region (NYSDOT Region of assignment of the inspector(s) who perform inspections on the operator's vehicles).

This is intended to assist in identifying operators of interest to the general public, and provide the information needed to compare the inspection record of World Wide with other similar sized operators in New York State. The average Out of Service (OOS) rate, for all operators that have one or more vehicles inspected by NYSDOT was 11.9%.
