July 15, 1994

Lawrence D. Roman, Investigator
National Transportation Safety Board
Washington, D.C.

Dear Mr. Roman,

Please find below the amended response times for MEDIC during the July 2, 1994 incident of Flight 1016 in Charlotte, N.C.

| | |
|--|--------------|
| Arrival of Medic-7(M-7) | 1852.26 hrs. |
| Arrival of Medic-41 (M-41) | 1901 hrs. |
| Arrival of Dr. Blackwell (Medical Director) | 1914 hrs. |
| First patient transported | 1916 hrs. |
| Additional disaster boxes on scene (via Medic 22) | 1925 hrs. |
| Arrival of Medic -102 w/disaster trailer | 1930 hrs. |
| Medic 102(R.L.Dean, MEDIC Operations Manager) assumed medical command | 1941 hrs. |
| First arriving Air Med-Vac | 1922 hrs. |

The following are the known ambulances that transported survivors to local medical facilities in addition to MEDIC ambulances;

| | |
|---------------------|----------------------------|
| Mint Hill VFD. | CLS(Charlotte Life Saving) |
| West-Meck VFD | North-Meck Ambulance |
| Char-Meck Ambulance | South Point Life Saving |
| Gaston EMS | |

Other ambulances were in staging, however, due to different radio frequencies, who they were and their arrival times are not readily available. If needed, let me know and I will obtain the times for you.

I am still waiting on written statements from firefighters at Stations, 30,17 and Battalion Chief W. Weaver, however, due to days off and vacations it will be somewhat delayed.

If I can be of further assistance feel free to contact me at work or home.

Respectfully Submitted;

Quentin M. Maver, Battalion Chief
Charlotte Fire Department

- PRESBYTERIAN HOSPITAL
Karen TURK - General Administration, Vice-President
