Re: San Bruno GT Line Incident - NTSB Investigation

Dear Ravi:

The attached documents were recently brought to the attention of PG&E's NTSB investigation support team. We are providing them to you because they may be relevant your investigation of the San Bruno accident.

We have identified some current and former employees who may have information related to the events described in these documents and would be happy to make them available to the NTSB to interview if you are interested.

Please be advised that these documents are also responsive to a CPUC directive. As such, we are providing these documents to the CPUC. It has been our experience that the CPUC often makes these documents available to the public shortly after receipt.

Please let us know if you have any questions regarding these documents or would like to discuss this further.

Very truly yours,

*for*
