

MEMORANDUM FOR RECORD

Douglass Brazy
Air Safety Investigator
Eastern Region Aviation

April 5, 2017

Subject: ERA17FA145, N155CL, 4/4/17, Micanopy Florida. Record of Conversations with Mr. Ed Inman, landowner of accident site.

Mr. Inman was interviewed at his home, adjacent to the accident site. He provided the following information:

On April 4, 2017 about 0900, Mr. Inman was at his residence about 200 yards from the accident site. He was initially outside with his dogs, but then went indoors when it started to rain. About 3-5 minutes after going inside, he heard an airplane engine. The sound was smooth and continuous, and he believed the airplane flew over his house. Suddenly the engine noise stopped, followed by a "loud pop sound, similar to a lightning crack". He looked outside and saw the wreckage in the pasture adjacent to his house, and asked his wife to call 911.

Mr. Inman had no further information.
