

## MEMORANDUM FOR RECORD

**Heidi Kemner**  
**Air Safety Investigator**  
**Eastern Region Aviation**

**November 8, 2016**

---

**Subject:** ERA15LA322  
**Who:** Pilot – Mr. John McMurtrie

In a conversation with Mr. McMurtrie, he stated the following:

- When asked about the 6 previous airports that Mr. McMurtrie landed the airplane at prior to the accident flight, he stated that all of the runways were all over 6,000 feet long. The 6 previous landings were:
  - June 23 – OSH – local
  - July 15 – OSH – RAC - OSH
  - Aug 3 – OSH – MSN – OSH
  - Aug 21 – OSH – DXR (Accident Flight)
- On those runways, he used “very little brakes” during the landing.
