

FAA APPROVED FLIGHT MANUAL SUPPLEMENT

Mooney M20L

S.N. 26-0017

Reg. No. N137MP

MOONEY M20L CONVERSION TO M20R ENGINE CONFIGURATION

This supplement must be attached to the FAA-Approved Mooney Pilot Operating Handbook when STC SA02624AT is installed in accordance with Mod Works Installation document number MW8800-101. The information contained in this document supplements or supersedes the basic manual only in those areas listed. For limitations, procedures, performance and loading information not contained in this supplement, consult the basic airplane flight manual.
