BEFORE START																																										
Fuel Quantity ..(Both) ___ REQ, ___ OB																																										
ADIRS..... NAV																																										
Passenger Signs ON & AUTO																																										
BARO REF (Both) ___ SET																																										
PARKING BRK ON/OFF																																										
Departure Brief Complete																																										
Logbook(Both) # ____, CHECKED																																										
BEACON ON																																										
NWS..... DISCON/CON																																										
Doors & Slides...(Both) CLSD & ARMED																																										
Takeoff Data(Both) SET																																										
THR Levers IDLE																																										
Cockpit Door CLOSED & NORM																																										
AFTER START																																										
ANTI ICE ON or OFF																																										
ECAM Status Checked																																										
Pitch Trim UP/DOWN																																										
RUD TRIM..... ZERO																																										
BEFORE TAKEOFF																																										
Flight Controls(Both) Checked																																										
APPROACH																																										
Approach Brief..... Complete																																										
SEAT BELTS Sign ON																																										
BARO, MDA/DH (Both) ___ SET																																										
ECAM Status Checked																																										
LANDING																																										
Cabin Crew Advised																																										
A/THR SPEED or OFF																																										
ECAM Landing Memo LDG No Blue																																										
AFTER LANDING (Silent)																																										
WX RADAR OFF																																										
WINDSHEAR OFF																																										
SPOILERS DISARMED																																										
ENGINE MODE Selector..... NORM																																										
FLAPS As Rqrd																																										
PARKING (Silent)																																										
FUEL PUMPS OFF																																										
EXT Lights As Rqrd																																										
SEAT BELTS Sign OFF																																										
Engines 1 & 2 OFF
