On-Board Data Recorders

Errata-1

Group Chairman's Factual Report
By Cassandra Johnson

1. EVENT SUMMARY

Location: L'Enfant Plaza, Washington, District of Columbia
Date: January 12, 2015
Company: Washington Metropolitan Area Transit Authority
Train: 302
NTSB Number: DCA15FR004

2. ERRATA

On page 1 in Section 1. EVENT SUMMARY, change the last sentence in the first paragraph from "The train operator contacted the Operation Control Center (OCC) and announced that the train was stopped due to heavy smoke." to "The train operator contacted the WMATA Rail Operations Control Center (ROCC) and announced that the train was stopped due to heavy smoke."

On page 3 of the On-Board Data Recorders Factual Report in Section 3.2 Parameters, the last FRA number and the last two DAM numbers were referenced incorrectly in the first sentence. Therefore, delete the first sentence and replace it with the following sentence: Table A-1 lists the data recorder parameters verified and provided in this report for Metrorail train 302's six sources of recorder data (FRA 6134, DAMA 6134, DAMB 6135, FRA 3030, DAMA 3030, and DAMB 3031).
