Flight Operations Irregularity Report

12/16/2005

Event Date: 12/05/2005 Flight Number: 767 Departure: LAS Arrival: MCO

Aircraft Number: N471WN Phase of Flight: Unknown Diversion: N/A

Submitted by: Frederick Deyo, III Employee ID: ID: 43968 Base: MCO,

Nature: GENERAL AIRCRAFT STATUS

Pilot Narrative: O
n December 5, 2005 I was the Captain of flight 767 originating in Las Vegas, Nevada with a stop in Albuquerque, New Mexico, then continuing on to Orlando, Florida.

The aircraft was N471WN. I do not remember anything being out of the ordinary on this aircraft concerning the braking system or the thrust reverser systems on this aircraft. The braking system and thrust reversers worked as they normally do on the B737-700 aircraft. ,

Flight Operations Irregularity Report

12/20/2005

Event Date: 12/05/2005 **Flight Number:** 2218 **Departure** MCO **Arrival:** ABQ

Aircraft Number: N471WN **Phase of Flight:** Unknown **Diversion:** N/A

Submitted by: George Garcia **Employee ID:** 31254 **Base:** MCO,
ID:

Nature: AIRCRAFT SYSTEMS

Pilot Narrative: On Dec 05, 2005 I was the Captain on flight 2218 from MCO to ABQ. I was the pilot at the controls on this leg. Takeoff, Cruise, Approach and Landing were all normal, I did not notice anything abnormal during any phase of flight. On the landing roll the brakes, and the reversers operated normal. All the aircraft systems were normal. ,

Crew Narratives:
