

MAINTENANCE LOGBOOK SUMMARY

Zoë Keliber

FORMAT

DATE Accomplished

Work Performed on that Date

(Date Discrepancy Found; Discrepancy)

07-31-07

Fabricated and Installed Torque Meter Box Installation

08-07-07

Damper Assembly (s/n A013-0226) off and Damper Assembly (s/n A073-03084) on
(08-10-07; Main Rotor Damper Due)

08-07-07

Not Accomplished

(07-27-07: Replace Sponson-type landing gear with Fixed Gear)

08-08-07

Removed Bin Harness and Bruch Block as part of Composite Blade Installation STC
(07-18-07; Remove Bin Harness for Composite Blade Installation)

08-08-07

Installed Starter (s/n782 on #1 engine) and (s/n 3391 on #2 engine)

(07-15-07; #1 (s/n 3550) and #2 (s/n 108) engine starters removed and sent to Grants Pass)

08-09-07

Removed Starter and Replaced with different Starter (s/n 782)

(07-27-07; #1 engine starter (s/n 3550) overhaul due. *Starter was previously removed and sent to Grants Pass... see prior write-up)

08-10-07

Installed Doublers for Ag Air System

08-10-07

"...This aircraft previously has Sponsons installed when we received it..."

08-10-07

Not Accomplished

(07-30-07: Install AG Air Kit Components)

08-10-07

Installed Composite Main Rotor Blades in accordance with STC

(08-10-07: Install Composite Main Rotor Blades per STC SR0185NY)

08-11-07

Aircraft weighed and new CG established

08-13-07
Weighed Aircraft
(08-10-07; Weigh Aircraft)

08-17-07
Left and Right Bubble Windows Acquired for Aircraft
(08-17-07; Aircraft needs Left and Right Bubble Windows)

09-17-07
Installed AG Air STC
(09-17-07; Install AG Air STC)

09-25-07
Cleaned, Inspected and Lubricated Bifilar weights
(08-24-07; Re-lubricate Bifilar weights and washers)

09-25-07
Fabricated and Installed New Panel

12-05-07
See Work Order Attached
(09-17-07; Replace Sponson Main Landing Gear with Fixed type)

12-18-07
Weighed Aircraft
(12-16-07; Weigh Aircraft)

12-20-07
Replaced Sponsons with fixed main landing gear. Installation of: center fuel tank assembly, auxiliary hydraulic system, cargo hook weighing system, pulse light control system, AFF system, fuel filler caps, strobe light system, electrical chip detector system, 406 ELT with GPS system. Aircraft weighed and new CG established.

03-25-08
Installed Fireking Belly Tank as per STC #SR01552SE (see 337 form dated 03-25-08)

03-25-08
Installed Goodrich AC Rescue Hoist System as per STC #SR02507NY

04-22-08
Removed Goodrich AC Rescue Hoist System as per STC #SR02507NY

06-10-08
All Aircraft Records have been transferred to Carson Helicopter Services, Inc.
