Post-It™ Fax Note 7671		Date 4-25-01	# of pages 1
To	Tim Monville		From
Co/Dept.	NTSB		Co. DeLand Airport
[Redacted]			

Dear Mr. Monville:

In response to your request for dates concerning a Unicom frequency change made by Embry-Riddle, they are as follows:

In passing, a very casual comment was made at the end of October 1999, asking if sometime in the future, DeLand might consider a frequency change. Being of a very informal nature, an application was not filed.

On February 1, 2000, a formal request was made by Cary Brown of Embry-Riddle for a frequency change. Immediate action was put forth with this matter and applications were filed.

If we can be of further assistance, please let us know.

Sincerely,

Floyd W. Houser  
DeLand Airport
