Subject: Draft B1 factual addendum

Dear Bronx 1 Party Representatives:

Attached is an addendum to the factual report that you previously reviewed. The addendum contains new factual information on the train cars, weights and center of gravity.

I am sending this to you so that you can review it for factual accuracy. I need to hear back from you in 5 working days (COB August 5). If you find an error or inaccuracy, please provide that information to me asap and copy the other parties. Please include documentation as appropriate.

Also, as party organizations, you have the opportunity to submit to the NTSB your analysis and suggested probable cause of this accident along with any recommendations you think the NTSB should make. If you make such a submission, please send it to me with copies to the other party representatives no later than COB August 15.

I appreciate everyone's contribution to this investigation.

Thanks,

Mike
