accident - Regarding Ultralight Rans S-12

Dear Mr Kelley, Thank you for your well wishes, thoughts and prayers. We are recovering good.

As for ownership records I have very little. I purchased the plane Ultralight Rans S-12 from Dr. Charles Leland Schenberger on 6-27-17.

AS is not running, It was built by Rans's company owner Randy Shlitzer on 3-6-91. I never recieved any ownership or registration papers.

There were no mechanical issues Before or during the accident. The accident was Pilot error, mine Jack Chapman for not pulling up sooner, thus impacting electrical lines. Due to my fixation / Distraction over a potential structure fire / grass / ditch / trash, incident that was occurring at the time. No excuses for my mistake even being 1st Captain on Hillrose Fire Dept.

I did all maintenance work on the ultralight it was in very good flying condition. You are welcome to inspect it any time. Please call for any questions.

Sincerely Jack Chapman [REDACTED]
