Notes/Narratives

An APD officer was dispatched to the 100 block of S Williams on a public accident. An arrest was not made.

Notes/Continuation

There is in-car video on this incident. The unit number is 7346.

On 1/9/2012 at 11:10 a.m. I was dispatched to 101 S Williams reference a public accident involving an individual and a train. I made my way to this location and arrived on scene at 11:13 a.m.. Upon arriving on scene I was flagged down by two males who were standing on the south side of a large piece of machinery which I was later informed was a railroad grinder. Underneath the train was a male laying face-down with a leg up on the back axle of the piece of machinery. His head was facing east with his legs facing west. I exited my vehicle and made my way to check for a pulse. There was no movement and no sign of breathing on this individual, and I was unable to detect a pulse. As I was doing this the Fire Department was pulling up on scene. Fire Department then took over the medical care for the individual. I had the two witnesses stand over by my patrol car while we were dealing with the situation. AMS showed up on scene at 11:16 a.m.. At 11:20 a.m. I was informed by Life 11 that the patient was deceased. Life 11 ran a trauma strip on the subject and later gave it to me which was placed at the front desk of the APD reference this IR# to be filed. Life 11 was dispatched at 11:11 a.m. and arrived on scene at 11:16 a.m. and declared the subject to be deceased at 11:20 a.m.. I identified the subject by a wallet that was in his pocket. He was identified as Neil Thomas Touvell, WM, DOB [REDACTED], TX DL [REDACTED] SSN [REDACTED]. One of the witnesses said that Mr Touvell was on the tracks moving a train derailer, which is a large orange-colored piece of metal that fits over the rail, when the track grinder backed over him. Other officers arrived on scene, and I asked Ofc Nicholson to photograph the scene. A supervisor was notified, and Sgt Carden came to my location. I informed Sgt Carden of the situation, and he contacted Lt. Trupe. Other officers arrived on scene, and I had them take witness statements from the witnesses. The operator of the track grinder was identified as Gerald Hollinger, WM, DOB [REDACTED], phone [REDACTED]. I had Cpl Crafton and his rookie Ofc Koontz take a statement from Mr Hollinger. Ofc Sanchez and his rookie Ofc Lovato took a statement from the other witness who was identified as Matt Rossing, WM, DOB [REDACTED] phone [REDACTED]. Justice of the Peace Jackson was notified and ordered an autopsy on Mr Touvell to be performed in Lubbock TX the next day. A-to-D came and took possession of Mr Touvell. I kept Mr Touvell's wallet which contained his SSN card, DL, and multiple credit cards. These credit cards, wallet, and identifying information were booked into the Evidence Room at the APD reference this IR#. Mr Touvell appeared to have extensive abrasions on his back and on the left side of his body. I also noticed damage on the track grinder that was consistent with the train derailer making contact with

it and leaving orange paint marks. Officers were unable to photograph the rest of the scene due to BNSF being unwilling to move their track grinder until their supervisors were on scene which wouldn't have been for several more hours. The scene was then released to BNSF employees. There are no further details at this time. End of report.

SUPP. TO IR # 12-0500780. Details: On Mon., 01-09-12 at 1110 hrs. I was dispatched to the area of the 100 block of S. Williams on a subject who had been ran over by a train. When I arrived AMS and AFD were on scene tending to the patient. I was informed shortly thereafter that the patient was deceased. I was then given the task of taking photos of the deceased and of the scene by Ofc. Brown. I observed a white male underneath what was later described to me as a "rail grinder". The white male was laying with his back on the ground. He was between the rails upon the cross ties. His head was to the east with his feet to the west. The photos were turned in at APD. No further. On 1/9/2012 at 1110 hrs I was dispatched to 101 S Williams Street on a public accident involving a pedestrian versus a train. Upon arrival I observed the deceased WM under a J6 rail grinder identified as Neil Thomas Touvell, DOB [REDACTED]. Ofc Brown asked me to identify witnesses and get affidavits from them. I identified Matt Rossing, DOB [REDACTED] MN DL [REDACTED] place of employment is BNSF Railroad, work phone [REDACTED] resides at [REDACTED]. He said that at mile #334 the pilot on the ground noticed a hydraulic leak as the machine was moving. He said that Neil dismounted the machine to inspect as he stayed in the cab, and Neil told the operator to back the machine up. I helped move the body out from under the train and placed it into A-to-D's van for transport. End of supplement. 1/9/2012

Supplement:

On 1-9-12 I was dispatched to 100 S. Williams on an accident and upon arrival Cpl. Brown asked me to take two sworn affidavits from people reference this accident. The first affidavit I took was from a Gerald Hollinger, Mr. Hollinger lives at [REDACTED] his home ph# is [REDACTED], he is a [REDACTED], DOB: [REDACTED], he is 51yoa, DL# [REDACTED] state of issue is New York and his SSN is [REDACTED]. I dictated this sworn affidavit from Mr. Hollinger because he could not write at the moment because he was overwhelmed with emotion. The affidavit states that there was a hydraulic leak on the unit which was a SG006 road grinder his co-worker, Tommy kept waving him on to the tracks to link it up to the derail unit. Mr. Hollinger said he thought the derail was on as Tommy kept waving him back and he couldn't see him and saw him jump between the rails and bend over to check on the derail system. Mr. Hollinger stated that he saw Tommy on his camera and saw him roll under the vehicle he then stopped as soon as he saw Tommy go under the machine. I had Mr. Hollinger proofread the affidavit after I filled it out for him. he swore to it and then he signed it. I also took an affidavit from a Mr. Nicholas Hill Mr. Hill lives at [REDACTED] home ph# [REDACTED] work ph# [REDACTED]. Mr. Hill is a WM, DOB: [REDACTED], he is 22yoa, DL ID# [REDACTED] state of issue is Oregon. On Mr. Hill's sworn affidavit he states that he witnessed Tommy Touvell get struck by the grinder. He said the machine was pulling to the siding back to investigate a hydraulic leak. He said Mr. Touvell had his attention switched away and wasn't watching the actual train. Mr. Hill was on the west end of the machine yelling at Mr. Touvell to move but he was distracted and Mr. Touvell didn't realize what he was saying. Mr. Hill was sworn to his statement as well he signed it and wrote that on his own. I then assisted removing Mr. Touvell from under the equipment and placing him on the gurney. He was later transported by A to D. I have no further details. End of supplement.

get struck by a boom switch grinder "J-C". The machine was
pulling into a siding track to investigate a hydraulic leak. Tommy
had his attention shifted away which may have saved his
life. George Hollinger was the one operating while this took
place. I was on the west end of the machine yelling
at Tommy to move but he was distracted, he was going
back to unblock the derail.
