

Date of Inspection
2/4/15

Inspector will provide and sign report in duplicate each day and send to Track Supervisor. Track Supervisor will forward one copy of report to Director Track & Structures within 10 days after end of month, indicating thereon corrective action taken in addition to that by inspector on day of inspection. If more space is required to make a complete report, use an additional form.

TO	Name of Track Supervisor [REDACTED]	Line Herkem	Subdivision 5
----	--	----------------	------------------

On the above date I inspected the following tracks

Line	Tracks	From MP	To MP	Walked	Hirail	Inspected from Track #
Herkem	1+2	26.5	27.35	✓		1+2

The following FRA defects (Part one of MW4) were found (indicate exact location and measurements of defect) I took the following corrective action:

** Special Inspection **

*I inspected track after the Commerce St
Collision and took no exception*

I also noted other conditions

Surface

Gauge

Welding

Insulated joints

Frogs & switches

Drainage

CWR Joints *

* If joint defect is noted it must be identified and a weekly documented follow up inspection is required until remedial action has been taken

Other

Signature of Supervisor

Signature of Inspector (If two Inspectors both signatures required)
