

MEMORANDUM FOR RECORD

Jason Aguilera
Air Safety Investigator
Central Region

NTSB Accident Number: CEN14LA273

An audio wave file was provided by the Federal Aviation Administration providing a portion of transmissions made by the accident pilot. In part the pilot made the following radio transmissions:

Pilot: "Monroe, I need to land. I got a fuel problem."

When the tower controller asked if the pilot needed assistance, he replied, "Ah, no sir, I don't think so."

Pilot: "Monroe, I don't think this is going to make it. I going to fly it over. I need help, I don't have no power at all."

When asked how many people are on-board the airplane, the pilot replied, "Just me and I'm fixin' to hit the trees, right now."
