

## RECORD OF CONVERSATION

**Arnold W. Scott**  
**Senior Air Safety Investigator**  
**Central Region**

---

**Date: October 11, 2017**  
**Person Contacted: Trent Towson**  
**NTSB Accident Number: CEN18FA004**

---

### **Narrative:**

During a telephone conversation, Mr. Trent Townson [REDACTED] said he was travelling north on U.S. 283 approaching the airport when he saw the jet fly by at low altitude. The nose came up slightly, the jet made a steep left bank (he said you could see the whole profile), then he saw a fireball and black smoke.
