Date: 5/18/2020
Subject: CEN20CA182
Michael Strickland, Springfield IL FSDO Inspector

Mr. Strickland responded to the accident involving a Cessna 12, N120MZ, near Chatham, IL. He said the airplane had flipped inverted during landing, the rudder was bent, and one wing strut was bent. He said the engine was running when it landed and he verified flight control continuity to all control surfaces.
