

RECORD OF CONVERSATION

Timothy N. Sorensen
Aviation Accident Investigator
Central Region

Date: April 29, 2019
Person Contacted: Brenda Hooper, FAA Aerospace Medical Division
NTSB Accident Number: CEN19LA116 – Lafe, Arkansas

Narrative:

Ms. Hooper stated that the pilot was issued a combined third-class medical and student pilot certificate on August 30, 1994, by a designated aviation medical examiner. Upon review of the application by the FAA, additional information unrelated to any medical deficiency was requested from the pilot. However, when the requested information was not received, the pilot's medical certificate was subsequently denied. The pilot surrendered the previously issued medical certificate as required and no other medical certificate applications were on file with the FAA.
