

RECORD OF CONVERSATION

Gregory Collins
Aviation Accident Investigator (Trainee)
Western Pacific Region

Date: July 13, 2016
Person Contacted: Lois M Aga
NTSB Accident Number: WPR16FA131

Narrative:

- Camping next to horse haven airstrip.
- Airplane buzzed airstrip high from west to east.
- Husband estimates airplane was 150 to 200 ft above ground level, on the second pass west to east.
- Husband said airplane seemed loud on second pass.
- Didn't hear engine after airplane passed out of sight.
- Seemed like pilot was in control of plane during both passes.
