

Memorandum of Conversation

Date: June 2, 2008

Conversation Included: Ray Callahan

Summary & Factual Information from Conversation:

I asked Mr. Callahan if there was a minimum equipment list (MEL) for N203E on file with the FSDO and he indicated that there was no MEL on file. I confirmed that the three visits listed in the SPAS/PTRS were for airspace coordination and not maintenance or operations issues. I asked if the FSDO approved the removal of the troop seating and he indicated that there were no records of the removal or the installation of the foam seats found on scene.

I can attest that the above summary and factual information was taken on the above stated day, and is correct to the best of my knowledge:

Edward F. Malinowski
National Transportation Safety Board
Air Safety Investigator
