Subject: ERA12FA271 - LaCie Hard Drive Disposition

Jill,

As we discussed on the phone, after review of the LaCie Hard Drive, there was no recorded content of the accident flight. As such, no report will be generated for this event.

When you decide to return the device to the proper party (i.e., owner, insurance company, you), please let me know and I will send it out.

Best,

Bill Tuccio
