On this date at approximately 3:30 p.m., airport operations was advised by the FAA tower that a Piaggio tall number 590JL landed on its belly on runway 35 right just south of taxiway lima. Deputy Barbetto, Airport Operations, Airport Fire Rescue and I responded to the aircraft.

Upon arriving at the aircraft, the pilot, Jeffrey Bailey, and his co-pilot, were out of the plane. Jeffrey and John Tucker the co-pilot stated they were not injured. The plane appeared to have minor damage, but it skidded approximately 300 feet on the runway. Interviewing pilot Bailey, he stated as he was taking off he heard a pop sound which he thought was a flat tire. He then put the plane back on the ground, and he thought the gear collapsed leaving the plane on its belly.

This report is property of PINELLAS COUNTY SHERIFF'S OFFICE. Neither it nor its contents may be disseminated to unauthorized personnel.

PINELLAS COUNTY SHERIFF'S OFFICE
ACISS PCSO - INCIDENT Report SO10-261074

Report Date: 09/12/2010

Joe's Towing responded to the aircraft and was able to lift the aircraft up so the landing gear could be lowered manually. The airplane was then taken off the runway via a tug.

Lt. Dimmer and the PIO were notified of the incident.

All follow up will be done by the FAA and FISDO.

Disposition: Case closed solved non-criminal.
