FLORIDA HIGHWAY PATROL

TRAFFIC HOMICIDE INVESTIGATION

PREPARED BY: Corporal Daphne Yuncker

It is determined that D-1, Frank A. Baressi is in violation of:

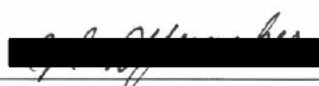

Florida State Statute 316.122 (1)(c)(1) Violation of Right of Way Left Turn

As a result of these violations, D-1, Frank A. Baressi, caused this crash and is responsible for the death of D-2, Joshua D. Brown and the damage to V-2.

CASE CLOSING STATUS

Closed: by Citation/Summons Issued:

The investigation is complete and has led to the issuance of a Uniform Traffic Citation for a non-criminal traffic violation to the defendant, Frank A. Baressi.

Corporal Daphne P. Yuncker
Date 12/18/16

State of Florida, County of Levy
Sworn and subscribed before me
This 16TH day of DECEMBER

Notary Public, Florida Highway Patrol
Section 117.10, Florida Statutes
Personally Known [X]

impacting the wooden pole, V-2 traveled 60 feet, 6 inches rotating counterclockwise and came to final rest facing north in a grass field.

Trooper Fulton made contact with D-1 during his crash investigation to obtain a brief statement about the crash, and gather D-1's driver license, registration and insurance for the crash report. While speaking with D-1, Trooper Fulton did not observe any signs of impairment of D-1. With this observation in mind, Trooper Fulton asked if D-1 would submit to a voluntary blood draw, to which D-1 agreed. At 6:11 P.M., Paramedic James A. Foran, with the Levy County Fire Rescue, drew two vials of human blood from D-1's left arm. Trooper Fulton took possession of D-1's blood sample at 6:21 P.M.

On May 8th, 2016, at 5:50 A.M., Trooper Jesse R. Moore received D-1's blood sample from Trooper Fulton. At 6:20 A.M., Trooper Moore placed D-1's blood sample into the Temporary Storage Facility at the Florida Highway Patrol Station in Cross City, FL.

On May 8th, 2016, at 11:20 A.M., an autopsy was performed on D-2 by William F. Hamilton, MD, 8th District Medical Examiner's Office in Gainesville, FL. It was determined that the cause of death for D-2 was from massive head trauma sustained in a motor vehicle crash. A blood sample from D-2 was forwarded to the University of Florida Pathology Laboratories. The results were negative for drugs and ethanol.

On May 9th, 2016, at 11:30 A.M., I met with [REDACTED] the store manager of the BP gas station on NW 140 Court at US 27. [REDACTED] gave me access to the stores camera footage.

[REDACTED] advised that she is not well versed in the usage of the system and was not sure if the date and time were correct. I accessed the footage available for the date of the crash. I viewed 20 minutes prior and 20 minutes after the time of the crash. I did not observe any footage that would be consistent with the vehicles involved in this crash.
