

UPPER SKIN PANEL - WING CENTER TANK

CW-127 CW-128
C-2017 C-2018
WHITE WHITE

These are two small pieces of skin panel that are between RBL 78 to RBL 95 and go from S-18 to SWB#2.

These two pieces remain relatively flat except the right end of CW-128 which is curled slightly upwards. There are no stringers remaining on the skin panel.

See the fire and explosion group notes for complete documentation of soot accumulations.
