

UPPER SKIN PANEL - WING CENTER TANK

CW-131      CW-132  
C-2391      Z-2823  
GREEN      GREEN

These are two small pieces of skin. CW-131 measures 7" x 9" and CW-132 measures 13" x 19". There is not any portion of stringers attached to these pieces.

The pieces of skin remain relatively flat except the inbd fracture edge of CW-131 is jagged and exhibits a slight upward curl. None of the LBL 98.6 floor beam lower chord remains attached to this panel. CW-131 edges exhibit multiple spalling.
