

SPANWISE BEAM #1 - WING CENTER TANK

CW-913

Z-3394

GREEN

This is a section of small stiffener and web. The stiffener portion that remains attached is 22" long and the bottom edge is 5" above the lower chord. The stiffener is located at RBL 83.2. The web is 10"X6" piece and located near the top of the remaining stiffener. The free flange of the stiffener is missing. This portion has mating fracture edges with CW-910, CW-911, AND CW-912. *REF FILE NOTES FOR DETAIL*
