COORD: LAT \_\_\_\_\_

Tag # C-802 LONG \_\_\_\_\_

DEBRIS FIELD #1 green  
(far)

Green Tag # C802

BLD web from STA 1372 to STA 1438

The web is partially separated (at the lower end) and folded at the STA 1416 splice.

The remaining areas of the segment are relatively flat. The areas exposed to the wheel well exhibit a coating of grime (both sides of web). There is no obvious evidence of fire damage or sootmg.
