Aircraft Accident Debriefing

April 21, 2011

Airport Terminal Conference Room

Participants: Jennifer Brady, Adam Aichele, Joe Menchaca, Brian Powell, James Salas, Kevin Sykes, Charlie Creek, Teresa Barncastle, Robert Newberry and Chris Clements

The above individuals met and discussed the aircraft accident and any improvements that could be made to the plan. Some items discussed were better positioning of law enforcement at side roads leading to the airport; better security at the fire station to ensure all access is made at the fire station gate; obtaining a private frequency for emergency personnel to communicate on and more frequent updates on accident to media. For the most part, everyone did an excellent job in securing the perimeter, scene and what is outlined in the Airport Certification Manual.

A redacted signature area consisting of a solid black horizontal bar with a thin red border. Handwritten cursive scribbles are visible above and below the bar.
