

**DOCKET NO. SA-519**

**EXHIBIT NO. 6G**

**NATIONAL TRANSPORTATION SAFETY BOARD  
WASHINGTON, D.C.**

**INJURY CHART**

**(11 pages)**

Assigned Seat	Sex	Age	Height (In Inches)	Weight (In Pounds)	Injuries	Injury Classification
03A	F	38	66	231	5" abraded laceration over right forehead and right zygomatic region; fractured nose; diffuse, multifocal, subgaleal and right temporalis muscle contusions; multifocal, diffuse areas of subarachnoid hemorrhage; multiple comminuted fractures with associated intercostal muscle hemorrhages involving the entire right and left 1st-11th anterior ribs; horizontal fracture of the sternum; slight aspirated blood pattern in both lungs; patterned, upside down, inverted, 2 1/4" x 3" "L" shaped abrasion on the upper left quadrant of the abdomen; multiple superficial lacerations of the liver; comminuted fracture of the pelvis; comminuted fractures of the left humerus; right tibia fracture; right femur fracture; fractures of both the left tibia and fibula above the left ankle; multiple lacerations, contusions, and abrasions of the head, torso, and all extremities; COD: Multiple Injuries	Fatal
03B	M	42	75	190	3 cm laceration of left forehead; 3 cm flat laceration around the ring finger on the dorsal surface of the left hand; 3 cm laceration over the first metacarpal of the index finger of the left hand; 1 cm laceration in the web of the 2nd and 3rd fingers of the left hand	Minor
03E	M	46	UNK	UNK	Right proximal fibula fracture; swollen right ankle	Serious
03F	M	40	70	185	Bruised ribs*	Minor
04A	M	38	UNK	212	Open fracture of right tibia/fibula; open fracture of left fibula; spiral left femoral neck fracture; open fracture of left lateral ankle; deep open wound of medial left ankle; deep open wound of right thigh (bone exposed); fracture left radial head with associated avulsion fracture from the lateral epicondylar region; minimally displaced spiral fracture of left distal ulna; left hemopneumothorax; dislocation of right thumb metacarpophalangeal joint; laceration of distal tongue, left of midline; closed head injury with 7-8cm laceration of right parietal scalp; pulmonary embolus; 3rd degree left shoulder separation with fracture of the coracoid process; fracture/subluxation C5-C6; nondisplaced fracture of the left transverse process of T2; superficial wound to left wrist; multiple left sided rib fractures	Serious

\* - self-reported injury

Assigned Seat	Sex	Age	Height (In Inches)	Weight (In Pounds)	Injuries	Injury Classification
04B	F	47	64.5	170	Deep ragged laceration of the left occipital scalp; contusions to the face with left periorbital hematoma; pulmonary contusion with pulmonary infiltrate of the right lung base; contusion with hematoma right anterior leg; open fracture of the proximal left tibia; fracture of C2-C3, C3-C4 vertebrae; contusion of right ankle; comminuted intra-articular fracture of proximal left tibia; closed head trauma; hematoma and ecchymosis of right mid leg; laceration of the anterior mid left leg; blunt chest trauma; slight contusions and swelling one the anterior left shoulder; 1 cm laceration of anterior right arm; swelling and hematoma over the anterior aspect of the right tibia-fibula; multiple contusions/abrasions	Serious
04E	M	49	71	212	Scalp laceration of left parietal/frontal area; right shoulder strain and contusions; bruise to left arm and shoulder*	Minor
04F	M	19	69	175	Smoke inhalation injury	Minor
05A	M	40	66	160	Open left patella fracture; open left tibia-fibula fracture; left femoral head fracture; open right femur fracture; left patellar tendon laceration; chest contusions	Serious
05B	M	44	72	188	Avulsion fracture of left medial malleolus; mild compression fracture of T7 and T8; fracture of first right rib (posterior); multiple areas of contusions	Serious
05E	M	43	72	185	Right ear laceration	Minor
05F	M	43	68	168	Multiple contusions/abrasions to: forehead; extensor surface right hand	Minor
06E	F	UNK	UNK	UNK		None
06F	M	60	UNK	UNK	Cervical neck strain; possible kidney contusion; possible nondisplaced left lateral third rib fracture; [hospitalized >48 hrs.]	Serious
07A	F	38	UNK	135	Disruption of 40% of the circumference of the proximal descending thoracic aorta; ruptured diaphragm with right and left hemothorax; nondisplaced fracture, left acetabulum; fracture of ischial rami; fracture of left sacral wing; inhalation injury; multiple left sided rib fractures	Serious
07B	F	14	65	110	Left knee scratch;bruises and scratches*	Minor
07D	M	56	72	170	Left shoulder strain and contusion; abrasion to left lower anterior leg; bruises on head, shoulder and legs*; chest wall contusions and inflammation*	Minor

\* - self-reported injury

Assigned Seat	Sex	Age	Height (In Inches)	Weight (In Pounds)	Injuries	Injury Classification
07E	M	63	66	162		None
07F	F	64	66	140		None
08A	M	33	72	176	Intraventricular hemorrhage involving the lateral, 3rd and 4th ventricles of the brain; subarachnoid hemorrhage along the suprasellar cistern; blood in the sphenoid sinuses with possible fracture involving the skull base in this area; possible hemorrhagic contusion, left parietal and frontal areas; diffuse cerebral edema; contusions in the left cerebellar hemisphere; hemorrhagic contusion in the right thalamus, midbrain and posterior limb of the internal capsules; small left pneumothorax; expired 6/10/99; COD: Massive Closed Head Injury	Fatal
08B	M	54	75	250	Contusion of left chest wall; multiple forehead lacerations; laceration of posterior scalp; small mild left pleural effusion; [hospitalized >48 hrs.]	Serious
08D	M	40	70	190	Scalp contusion - left frontal region; avulsion/laceration of left ear; left forehead laceration; left temporal-parietal laceration; cut hands*	Serious
08E	F	43	UNK	UNK	Linear superficial laceration to ball of right foot; superficial abrasion to left forearm / Right-sided chest pain	Minor
08F	F	38	64	115	Seat belt bruising*; bruises and cuts on leg*	Minor
09A	M	31	62	160	Large (30-35 cm) complex right groin laceration with ischemic flap; abrasion of right lateral mid-abdomen; abrasion of left forehead; [hospitalized >48 hrs.]	Serious
09B	F	38	68	185	Numbness in right parietal/occipital region; numbness in ventral aspect right foot; two fractures of C3*; subluxation C3-C4*; cracked back teeth*; broken 10th rib (unknown side)*	Serious
09D	F	38	68	130	Bruised left side*; legs cut*	Minor
09E	M	26	72	240	Right forearm pain; bilateral hip/thigh pain; bruises to left wrist*, left knee*, right shin*, both thighs*	Minor
09F	F	UNK	UNK	UNK		None
10A	M	36	70	174	3cm laceration of left medial knee; mid shaft tenderness in proximal left knee without crepitus; mild tenderness in right ulna; pain in right dorsal hand; multiple abrasions throughout extremities; [hospitalized >48 hrs.]	Serious
10B	M	50	67	200	Severe jagged gaping 8 inch laceration of the right medial thigh; multiple superficial lacerations and abrasions; abrasions of left hand; cuts and scratches on both hands and arms*	Serious

\* - self-reported injury

Assigned Seat	Sex	Age	Height (In Inches)	Weight (In Pounds)	Injuries	Injury Classification
10D	M	63	66	160	Comminuted fracture of the body of the right scapula including glenoid; fracture of the distal right clavicle; cervical strain; bruised ribs*; cuts/abrasions*; head injury*	Serious
10E	M	29	72	160	Separated shoulder*; cuts on head*; bruises*; cuts/bruises on shins*	Minor
10F	F	26	60	100	Scrapes/bruises/hurt back*	Minor
11A	M	56	73	198	Fracture/dislocation of right thumb; .25cm laceration of posterior scalp; contusions to: right cheek, right shoulder, right scapular area; cuts on back/leg*; cuts on right side of face, arm, and shoulder*	Serious
11B	F	42	65	155	3.5cm curvilinear laceration of superior occipital area; left chest and left forehead contusions; head lacerations/bruises/abrasions*	Minor
11D	M	52	70	180	Dislocated 3rd right toe; rib tenderness; 2 broken ribs*; cuts/scrapes/deep bruising*	Serious
11E	M	49	71	165	Avulsed laceration to upper right eyelid; forearm contusion; multiple contusions and abrasions on extremities	Minor
11F	F	34	65	110	Right anterior lateral chest wall contusion; left foot contusion and sprain; bruised neck/back of head*; concussion*	Minor
12A	F	68	63	155	Bumps on head*; bruises/scratches*	Minor
12B	F	70	61	147	Superficial lacerations/abrasions to the upper extremities; pain primarily in left thigh area; multiple contusions/abrasions; scraped face*; black eye*	Minor
12D	F	31	70	205	V-shaped laceration of right palm; multiple abrasions/contusions to arms and right hand; large 10" by 5" bruise to left medial calf; sprained ankle*; bruised ribs*	Minor
12E	M	21	69	155	Right knee contusion; right dorsal wrist abrasion; lumbar strain	Minor
12F	M	39	70	150	Minor abrasions and contusions of scalp and right forehead; multiple abrasions and lacerations of torso and right gluteus maximus; flap laceration of left thumb; avulsion abrasion of left upper arm; broken ribs*; partial collapsed lung*; cuts/abrasions/contusions*	Serious
13A	F	21	63	120	Cut elbow*	Minor
13B	F	62	64	135	Scratches/lacerations/bruises*	Minor
13D	M	54	70	178	Comminuted fracture of right scapula; minor scrapes and scratches*; smoke inhalation*	Serious
13E	M	38	66	160	Small disc herniation centrally and slightly to the left at C5-6; left ankle sprain; slight movement (widening) of C1 and C2	Serious

\* - self-reported injury

Assigned Seat	Sex	Age	Height (In Inches)	Weight (In Pounds)	Injuries	Injury Classification
13F	M	38	69	182	Lacerations of both forearms and left heel; contusions and abrasions to anterior right shoulder; abrasions/scrapes to right thumb, left forearm, right axilla, right upper thigh; strained lower back and shoulder*	Minor
14A	F	38	65	135	Contusions of sternum and left chest wall; swelling of right shoulder; superficial lacerations and abrasions; many bruises*; [hospitalized >48 hrs.]	Serious
14B	F	32	72	180	Bruised one rib*; cuts and minor abrasions*; hands cut*	Minor
14D	F	30	67	160	Avulsion flap laceration of left foot - plantar surface; 1.75cm laceration of left forearm; two 1" lacerations of right lower leg; arm laceration*; smoke inhalation*; aching back and muscles*	Minor
14E	F	54	65	225	Left anteriolateral chest wall contusion	Minor
14F	M	38	73	198	Bruised ribs, ankle, and shoulder*; abrasions on left shin, left knee*; lacerations on left midsection*	Minor
15A	M	67	70	160	Left 5th finger abrasion; painful neck; bruises on left leg and chest*; cut left hand*	Minor
15B	F	60	63.5	128	Left shoulder contusion; large, avulsive; deep, ragged laceration to right calf; bumps/bruises/splinters*	Serious
15D	F	35	68	140	Superficial laceration of palm - left hand; right knee laceration; contusion over 1st and 2nd metatarsals of the left foot; contusion of left great toe; superficial lacerations/abrasions to bilateral upper and lower extremities	Minor
15E	F	20	64.5	155	Scrapes and bruises from seatbelt*; cut and bruises on buttocks*; elbow laceration*	Minor
15F	M	38	71	160	Superficial laceration of left earlobe; minor abrasion to left index finger; multiple contusions and abrasions; bruised abdomen*; leg laceration*; smoke inhalation*	Minor
16A	F	UNK	UNK	UNK		None
16B	F	56	66	128	Bruises/aches*; small cuts/scrapes	Minor
16D	F	58	66	184	Fractured left ribs: 5th, 6th, 7th with minimal to no displacement; contusions and abrasions of left leg; chipped ankle bone*; bruised left knee*	Serious
16E	F	10	UNK	85	Burns - 2% body surface area (BSA) right inner leg (2nd degree), 5% BSA left leg (1st and 2nd degree); superficial erythema right bicep area and shoulder; small cut on left middle finger*	Serious

\* - self-reported injury

Assigned Seat	Sex	Age	Height (In Inches)	Weight (In Pounds)	Injuries	Injury Classification
16F	F	13	67	115	1st and 2nd degree burns (4-5% BSA) on lateral aspect of lower left leg from knee to ankle; superficial burn to right forearm (with erythema) and fourth digit	Serious
17A	M	57	UNK	UNK	Fractures: posterior aspect of left 2nd, 3rd, 4th, 5th, 6th ribs, right 8th and 9th ribs; bilateral hemothoraces; bleeding blood vessel on the diaphragm	Serious
17B	F	53	64	146	Multiple skeletal fractures: left ribs 1,2,3; anterior right ribs 1,2; clavicles, bilateral; fracture of mandible and nasal bones; multiple fractures of hyoid bone; multiple superficial lacerations of spleen; multiple laryngeal fractures; left hemothorax; left lung contusions; absence of thermal injuries and inhalation of carbonaceous materials; multiple contusions, abrasions, and lacerations of head, torso, and all extremities; COD: Multiple fractures and internal injuries	Fatal
17D	F	48	66	260	Multiple surface abrasions to: right thumb/wrist radially, medial abdomen, medial right thigh, right posterior distal lower leg; right ankle swollen; contusions to: right ankle medially left tibial head; right arm and shoulder, buttocks	Minor
17E	M	39	67	160	Right hand and lower back pain	Minor
17F	F	74	64	145	10% BSA 2nd degree burns to dorsum both hands, right anterior knee, and both posterior lower legs; compression fracture involving the anterior two thirds of the L2 vertebral body with minimal compromise of the lumbar spinal canal; smoke inhalation*	Serious
18A	F	79	60	96	Extensive thermal damage to the body surfaces; thermal amputation of left foot at the ankle joint; antemortem closed fracture of mid right humerus; fractures of posterior right 1st rib, lateral right 3rd rib, lateral left 1st, 2nd, and 3rd ribs; fracture of symphysis pubis; no gross smoke or soot deposition present on mucosal surfaces; peripheral blood carboxyhemoglobin <10%; COD: Multiple injuries	Fatal

\* - self-reported injury

Assigned Seat	Sex	Age	Height (In Inches)	Weight (In Pounds)	Injuries	Injury Classification
18B	F	68	64	134	Body completely charred; diffuse postmortem charring of the facies, torso, and extremities; right 6" subgaleal contusion; multifocal, diffuse, subarachnoid hemorrhage, with no cerebral edema; comminuted fractures with associated minimal intercostal muscle hemorrhage involving the entire anterior 1st-10th left ribs; horizontal fracture of the sternum at the level of the 3rd and 4th ribs, with underlying hemomediastinum; bilateral pulmonary contusions and superficial anterior lacerations of the left lung, measuring up to 3/4"; multiple superficial liver lacerations, measuring up to 3 1/2", predominantly involving the left lobe; comminuted fracture of the pelvis; blood carboxyhemoglobin <5%; no soot present in the upper and lower air passages; COD: Multiple injuries	Fatal
18D	F	37	71	174	7-10% BSA 2nd degree burns to: distal, medial, and posterior right leg, left anterior knee, left leg; laceration of left knee; bumps/bruises on both shoulders/left leg*; sprained ankle*; chemical burns on right thigh and buttock*	Serious
18E	F	8	48	48	18% BSA 2nd and 3rd degree burns to: legs, arms, upper lip, nose; left medial epicondyle avulsion fracture; 8cm posteriolateral laceration of left elbow; deep 12-13 cm laceration on medial aspect of left arm exposing muscle	Serious
18F	M	15	68	144	4% BSA 2nd degree burns to: right elbow, right fingers, right forehead, right lateral calf; all scalp hair singed	Serious
19A	M	64	61	170	Body completely charred; diffuse thermal injuries involving the facies, torso, and extremities; blood carboxyhemoglobin <5%; abundant amount of soot in upper and lower air passages with extension into the terminal bronchi; cherry pink discoloration of viscera and blood; no blunt force trauma involving the head, abdomen, chest, or pelvis; upper and lower extremities showed postmortem heat contraction fractures; bilateral heat-related subdural hematoma; COD: Smoke and soot inhalation with thermal injuries	Fatal
19B	F	65	65	139	Body extensively charred; no evidence of antemortem skeletal or internal trauma; moderate to heavy gray-black soot deposition in in the upper and lower airways; slight cherry red discoloration of blood; blood carboxyhemoglobin 19.2%; heat-related fracture of the right wrist; COD: Smoke and soot inhalation	Fatal

\* - self-reported injury

Assigned Seat	Sex	Age	Height (In Inches)	Weight (In Pounds)	Injuries	Injury Classification
19D	F	69	63	175	Body extensively charred (90-95% BSA); open cranial heat fractures (esp. on the left side); soot and carbonaceous material in nose, mouth, larynx, trachea, and bronchi; peripheral blood carboxyhemoglobin 11.9%; multifocal subarachnoid hemorrhage, mild to moderate; thermal damage of: left lung, spleen, intestinal tract, superior surface of tongue; COD: Soot inhalation with extensive body burns	Fatal
19E	F	64	65.5	130	Cervical fracture of C6 with anterior subluxation of C6 on C7; 10-15% BSA burns; 2nd degree burns of forearm, hands, knees and lower extremities including feet; 3rd degree burn of lateral lower left leg (7x8x10cm); 3rd degree burn of dorsum of left foot; smoke inhalation*	Serious
19F	F	34	61	150	17-18% BSA 2nd degree burns to: both dorsal ankles and the dorsum of the feet, gauntlet-type circumferential burns of both upper extremities to the upper shaft of the humerus (both hands equally involved), face; multiple superficial lacerations and abrasions; possible left ankle sprain; singed hair	Serious
20A	M	66	72	210	Left hand and wrist strain*; left shin bruised*; smoke inhalation*	Minor
20B	F	66	65	160	Bruises*; hurt back*	Minor
20D	M	24	71	195	2nd degree burns to both legs, right forearm; laceration of left knee; shoulder laceration*	Serious
20E	M	64	75	225	Nondisplaced left 7th rib fracture; superficial abrasion fo left hand; smoke inhalation; cracked ribs*; broken right ring finger*	Serious
20F	F	63	64.75	138	2nd degree burns to left hand, left wrist, and right hand; 1/2" burn area with blister on left shin; multiple tiny foreign bodies in the proximal phalanx of the left little finger; contusion and swelling of left forearm and 3rd knuckle; small abrasion of left buttock	Serious
21A	M	UNK	UNK	UNK		None
21B	M	60	73	176	Concussion; deep laceration above left temple; laceration of left lower leg; abrasions of left leg; cervical and lumbar strains; [hospitalized >48 hrs.]	Serious
21D	M	42	75	195		None
21E	F	42	69.5	190	Left knee contusion/abrasion; small (3-4 mm) cortical avulsion fracture of left tibial spine; small burns on feet; mild pain in right knee	Minor
21F	M	74	72	190	Muscle strain*; smoke inhalation*	Minor

\* - self-reported injury

Assigned Seat	Sex	Age	Height (In Inches)	Weight (In Pounds)	Injuries	Injury Classification
22A	M	42	73	185	6 cm L-shaped laceration of right forehead; avulsion/abrasion of right temporal region; 4.2 cm laceration of right eyelid; superficial lacerations to right side of head; contusion of right anterior shoulder; abrasion of left forearm; contusion of right knee; mustache hair and right side of head hair singed	Minor
22B	F	UNK	UNK	UNK		None
22D	M	49	73	200	Superficial abrasion of right forearm, dorsal right foot, left shin, left ankle; abrasion/contusion of anterior right thigh; left lower rib pain (no fracture)	Minor
22E	M	22	70.5	165	Injured left knee and top of left foot*	Minor
22F	M	UNK	UNK	UNK		None
23A	M	65	67	180	Swollen right ankle; multiple contusions; mild subluxation C3-C4; neck injury*; [hospitalized >48 hrs.]	Serious
23B	F	62	62	155	Left shoulder contusion; left knee contusion; bumps on back/legs*; bruises*	Minor
23D	M	80	72	183	Left subtrochanteric femur fracture; right lung contusion; right chest contusion; multiple abrasions and contusions; fractured hip*; injured right hand/fingers and lower arms*; smoke inhalation*; internal injuries*	Serious
23E	M	42	68	155	Bruised leg and arm*	Minor
23F	M	24	77	208	Multiple cuts and bruises*	Minor
24A	M	63	74	210		None
24B	M	43	74	185		None
24D	F	28	UNK	143	Contusion of right and left inner forearms; generalized back pain; bruising to right lower quadrant and groin area	Minor
24E	F	4	42	48		None
24F	F	26 mo.	36	29	Left ear pain; bruises on hips*	Minor
25A	M	40	65	159	Sprained left shoulder; contusion of right knee; low back pain*	Minor
25B	M	45	74	195		None
25D	M	25	70	160		None
25E	M	24	69	155	Cuts on legs*	Minor
25F	F	21	66	140		None
26A	M	21	67	220	Abrasions from seatbelt*; smoke inhalation*	None
26B	F	29	63	125	Right forearm contusion; medial right ankle abrasion; right hip/thigh bruises*; sore neck*	Minor

\* - self-reported injury

Assigned Seat	Sex	Age	Height (In Inches)	Weight (In Pounds)	Injuries	Injury Classification
26D	F	23	66	155	Large bruise on leg	Minor
26E	M	UNK	UNK	UNK		None
26F	M	UNK	UNK	UNK		None
27A	F	UNK	UNK	UNK		None
27B	F	UNK	UNK	UNK		None
27D	M	22	70	175	Smoke inhalation*	Minor
27E	M	21	UNK	226	Body extensively charred; bilateral distal tibial and fibular fractures; moderate to heavy deposition of gray-black soot on laryngeal mucosa; peripheral blood carboxyhemoglobin 19%; COD: Smoke and soot inhalation	Fatal
27F	M	68	69	140	Non-displaced fracture of right tenth rib (posterior); laceration/contusion of left shin; smoke inhalation*; slight burns/scrapes*	Serious
28A	F	22	UNK	UNK	3rd degree burns to: dorsal left and right hand, right digits, right forearm; 2nd degree burns to: dorsal/lateral surface left forearm, palmer surface of left hand; distal one third of left arm, lateral right shoulder, upper half of face	Serious
28B	M	21	73	225	Smoke inhalation injury	Minor
28D	F	14	UNK	UNK	2nd and 3rd degree burns to 65% of BSA with severe inhalational injury; expired 6/16; COD: Pulmonary compromise secondary to massive bronchiolitis obliterans and diffuse alveolar damage	Fatal
28E	F	16	69	140		None
28F	F	12	63	120		None
29D	M	57	70	UNK	Torn scapholunate ligament in left wrist; left thumb contusion (possible fracture of the distal phalanx)	Serious
29E	M	38	65	161	1.5 cm laceration of left hand; multiple superficial abrasions of left hand and forearm	Minor
29F	F	62	65	130	Brusies/scrapes/cuts*	Minor
30D	M	23	70	140	Bump on head*; smoke inhalation*	Minor
30E	M	19	76	225	N/A	None
30F	F	59	70	155	Smoke inhalation injury; few minor cuts and bruises on right hip; [hospitalized >48 hrs.]	Serious
31D	M	21	UNK	UNK	Laceration of right thumb; contusion of left side	Minor
31E	F	46	63	130	Smoke inhalation injury; cuts/bruised heavily*	Minor
31F	F	21	62	140	Contusion to left thigh; mild smoke inhalation	Minor

\* - self-reported injury

Assigned Seat	Sex	Age	Height (In Inches)	Weight (In Pounds)	Injuries	Injury Classification
32D	M	UNK	UNK	UNK		None
32E	F	51	UNK	UNK	Superficial linear abrasion and contusion of right anterior shin; small abrasion of right upper leg; cervical strain/sprain	Minor
32F	F	20	65	230	Right ankle sprain; lower back muscle strain; contusions of right elbow and knuckles	Minor
33D	M	40	68	150	Bump on head*; cuts/bruises on left knee*; scrape on right foot above ankle*; bruised ribs*	Minor
33E	F	39	67	165	Small abrasion to left ankle; right lower leg contusion; general body aches*	Minor
33F	M	42	73	165	Left ankle injury*; strained chest muscle*; scraped back*	Minor
Captain	M	48	68	171.5	Linear, basilar skull fracture, hinge type, associated with subarachnoid hemorrhage; left rib fractures, 1-9; multiple lacerations of left lung; right rib fractures, 3-7; mandible fracture; maxilla fracture; left 4th metacarpal fracture; hyoid bone fractures; separation fracture of left shoulder joint; separation fracture of symphysis pubis; traumatic amputation of right lower leg, knee level; near complete traumatic amputation of distal lower left leg; bilateral tibia/fibula fractures; bilateral femur fractures; disarticulation of bilateral knees; partially torn pericardial sac; Multiple contusions, abrasions, and lacerations of head, torso, and all extremities; COD: Multiple injuries	Fatal
First Officer	M	35	72	200	Comminuted mid-femoral fracture with 4cm overlap; several superficial lacerations/abrasions of left arm; abrasion of left knee; 2 small abrasions on left thigh	Serious
F/A No. 1	F	30	UNK	UNK	Non-displaced superior pubic ramus fracture; small abrasion above right calf; four pelvic fractures*; knee contusion*; bumps and bruises*	Serious
F/A No. 2	F	32	UNK	UNK	Cervical strain; left shoulder sprain/strain*; smoke inhalation*	Minor
F/A No. 3	F	30	67.5	105	Grade 3 open right tibia/fibula fracture; left orbital floor fracture near the apex of the orbit with prolapse of orbital tissue into the maxillary sinus; contusion of the frontal/zygomatic area; possible lung contusions	Serious
F/A No. 4	F	35	UNK	UNK	5mm posterior scalp laceration; transverse process fracture of C7 on the right; multiple contusions	Serious

\* - self-reported injury
